Dear City Councillors,

I urge you to pass the zoning changes necessary to allow the Mass + Main project to be built as proposed, with 47 units of affordable housing. Higher density is appropriate for this location, and, as you all know, the city badly needs more affordable housing, as well as more housing in general. The Council's Ordinance Committee and the Planning Board have both sent you positive recommendations on the proposed zoning. Please follow their lead and make this project and its affordable housing possible.

Sincerely,

Catherine Sullivan
